

The Beauty Clinic skincare range has been specifically developed to maintain good skin health on a daily basis. The Beauty Clinic range fights the first signs of ageing by targeting each layer of the skin to thoroughly hydrate and repair. The range introduces an affordable clinically proven integrated mix of products that work to achieve brighter and healthier skin.

As we age we lose moisture and elasticity in our skin which causes wrinkles and other signs of ageing to appear. The Beauty Clinic collection rehydrates skin with a series of clinically proven ingredients. It includes lightweight non-oily hydrators and skin revitalising serums to stimulate collagen and elastin, whilst helping skin to repair and renew more rapidly.

The range has been developed with your daily skin health needs in mind and will help refine pores and minimise fine lines and wrinkles as well as address any pigmentation issues.

PREPARE

Soothing Natural Daily Cleanser

A gentle cleansing lotion. Formulated with natural skin calming properties and fruit extracts with antioxidants and fragrant sweet orange oil to care for your skin, Apply to damp skin, massage gently, and remove with a damp cloth or use in the shower. Rinse well and pat dry. For external use only.

PROTECT

Daily Moisturiser With SPF 20

Our signature moisturiser with sun protection factor 20 is an ultra skin nourishing and anti ageing moisturiser, providing all day hydration. Harnessing peptides, to tighten and firm whilst diminishing the appearance of fine lines and wrinkles. Skin loving antioxidants encourage cell re-growth and regeneration. Your skin will be thoroughly hydrated whilst looking fresher, firmer and tighter. Massage a small amount into the face following Rejuvenate active serum application.

REVEAL

Glycolic Wash

Contains the natural clinically proven AHAs, glycolic and citric acid to gently remove the build-up of dead skin cells together with salicylic acid to remove impurities and excess oil. This combination will cleanse the skin and increase cell turnover revealing new younger looking cells while preparing the skin for the further application of recommended daily care. Massage one pump onto dry skin. Leave on the skin for a few minutes to get to work before rinsing with warm water and patting dry. Do not use as an eye make-up remover. Can be used once or twice daily.

REJUVENATE

Stimulating Daily Active Serum

This active serum contains the natural clinically proven AHA, glycolic acid to gently remove the build-up of dead skin cells. It increases cell turnover to reveal new fresh, younger looking skin and it is effective at controlling breakouts, reducing pigmentation and fine lines. Apply after cleansing to your entire face. For external use only, avoid contact with eyes, rinse well if product enters the eye.

ULTRA HYDRATE

Stimulating Daily Active Serum

This luxury silky moisturiser contains clinically proven ingredients to keep your skin optimally hydrated and in peak condition. H2∞ contains tripeptide-1 and tetrapeptide 7, biomimetic peptides to help stimulate growth factors and collagen synthesis, to protect and help restore the skin's natural moisture barrier and suppress inflammation. Natural tara seed extract works deep within the skin to boost moisture levels and help prevent future dehydration. It's also high in vitamin C and B. Apply to clean skin on face and neck as required.

HYDRATE

Hyaluronic Acid Serum

Our Hydrate serum contains natural hyaluronic acid, a powerful humectant to attract moisture into your skin. Hydrate is suitable for use in all skin types and absorbs quickly to hydrate and keep skin supple. This active serum will help reduce the appearance of fine lines and wrinkles whilst promoting an even skin tone and a youthful complexion. Optimal skin hydration helps to heal and soothe inflammation. Use as directed, once a day after cleansing. For external use only.

RECOVER

Active Night Cream

Provides some much needed extra care for your skin to help it repair and renew from the stresses of the day whilst you sleep. Our signature night cream has been specifically developed to rejuvenate through its antioxidant activity. Re-hydrate your skin to allow overnight recovery and reveal a softer more youthful appearance for the new day ahead. Apply a small amount to your skin and massage for a few minutes prior to going to sleep and after cleansing.

R+

1% Liposomal Retinol Serum

A powerful and highly effective serum containing one per cent liposomal retinol, a stabilised vitamin A derivative which has been clinically proven to increase cell turnover. R+ will reduce pore size, resulting in firmer younger looking skin as well as reduce visible signs of ageing including pigmentation and uneven skin tone. Apply to clean skin at night. Use as directed. It is also important to use Ultra Defence SPF 50 sunscreen, as retinol increases the skin's sensitivity to sun exposure. For external use only.

LIP

Hydrating Complex

Contains clinically proven ingredients to keep the lips hydrated. Contains organic agents to condition and soothe with sources of vitamin B to increase cell proliferation. Can be used daily or as directed post treatment.

REFINE

Intensive Eye Serum

Refine is an intensive eye serum which actively works to rejuvenate and repair the signs of ageing. Containing a unique blend of ingredients including vitamin E to hydrate, almond oil to repair and protect against the signs of ageing and lactic acid which has gentle resurfacing properties to diminish the appearance of crow's feet and visibly improve clarity and tone. Apply daily to cleansed skin to areas of concern, massaging until fully absorbed. For external use only.

ULTRA DEFENCE

Daily Tinted Broad Spectrum Sun Protection SPF 50

A highly effective photo-stable broad spectrum, lightweight physical sunscreen, containing a combination of clinically proven filters to protect the skin against the harmful effects of UV rays. It is water resistant and contains clinically proven AHAs, citric and lactic acid to gently increase cell turnover. It is light and easily absorbed with a natural tint to give an even appearance while having a hydrating effect on the skin and protecting the DNA. Apply liberally before exposure to the sun. Can be used as a moisturiser with or without makeup. Apply regularly. For external use only.

ILLUMINATE

Skin Brightening Serum

This highly active serum provides a poly-focal, clinical, approach to areas of skin discoloration. It contains, azelaic acid to help calm inflammation, alpha-arbutin and glutathione to inhibit melanin synthesis, the main cause of pigmentation, together with vitamins E (and) C to provide antioxidant protection. Apply liberally to areas of concern at night-time only. Shake well before use.

QUENCH

4D Replenishing Serum

Quench 4D replenishing serum, an ultra-low molecular weight hyaluronic acid complex that will work immediately, provide 72 hours hydration and has an improved cumulative effect with long term use.

VIT C PROFESSIONAL

Maximum Strength Vitamin C Serum

Clinically proven L-ascorbic acid at its peak concentration of anti-oxidant activity which is quickly absorbed to remove free radicals to prevent skin damage, helping to brighten skin and maintain a youthful appearance. The formulation is supported with ferulic acid to create this light effective day serum. Apply to clean skin as required.

LIFT

Next Generation Neck & Décolletage Firming Cream

Lift is a clinically effective daily anti-ageing, at home treatment, containing peptides, emollients and antioxidants to reduce visible signs of ageing on the neck and décolletage for skin that appears firmer, lifted and more evenly toned. It is cruelty free, vegan friendly and does not contain any palm oil or palm derivatives. Apply as required to cleansed, dry neck and décolletage area. Massage until fully absorbed.

GLOW

Exfoliator

A luxury anti-ageing wash to exfoliate and help improve the complexion. Containing glycolic acid and quartz, to stimulate, condition and polish skin to perfection. A twice a week routine that will leave skin looking younger, smoother, fresher with a radiant glow.

CLARITY

Photophilic Masque

A weekly purifying masque containing activated coconut charcoal, long celebrated for its detoxifying benefits, will help cleanse and remove the build-up of pollution and other ageing molecules ever present in modern life. This indulgent, at home treatment, also contains Kojic acid, a natural ingredient clinically proven to help lighten and leave a more youthful clear complexion for your busy week ahead.

LIP PLUMPER

An organic natural lip plumper for those who would like a subtle enhancement designed to work with or without lip fillers. The product is parabens free and made entirely from natural and organic ingredients including capsicum a powerful vasodilator to enhance the cupid's bow and add extra volume to the lips. Also containing Vitamin A to increase cell turnover, Vitamin C a powerful antioxidant, Vitamin B to protect from sun damage and reduce the appearance of fine lines and wrinkles, Vitamin E has also been added to this product to keep lips hydrated. The product can be used as required before the application of lipstick for fuller younger looking lips. Apply evenly to lips before applying lipstick. Apply generously to the Cupid's bow for a fuller result!
